Dear Science Coordinator,

Reminder re. Copyright regulations for Trial Exam Papers and Answer Booklets

All Trial Exams and Solutions published by STAV Publishing are protected by the ***Australian Copyright Act***.

Do you realise that it is **illegal** to:

- **Photocopy or scan** STAV Publishing trial exam papers or solutions?
- **Use any questions**, parts of questions, variations of our questions, or solutions **to construct your own exams?**

You risk a significant fine (and embarrassment) if you are using our exam questions illegally.

The majority of schools ordering our trial exam papers now plan ahead and make allowance in their budgets and subject levies for purchasing one copy per student. This has several advantages:

- The print quality is much better than photocopy quality
- It provides students with a practice exam similar in look and feel to the VCAA exam
- There is a serrated tear-out answer sheet for easy marking in the original papers
- It's legal (photocopying is **illegal**)
- It saves hours standing over the photocopy machine
- It's more cost-effective in the long run – photocopying costs your school more than you think
- It ensures that the papers will continue to be available to **you** in the future.

We ask you to support us in ensuring that fair financial return is made to STAV Publishing for provision of this quality product. **Plan ahead for next year's budget and subject levies now.**
