

Picture Story Books (Creative Writing)

(Lower, Middle and Upper Primary Divisions)

Topics for 2019

- Your picture story book must BE ONE OF THE BELOW TOPICS and relate to the theme *Destination Moon: more missions, more science*.
- Create a science picture story book based on this theme using one of the following topics.

Note: These are the ONLY topics that will be judged.

1. Walking on the moon
2. I am a lunar astronaut
3. Destination moon
4. The dark side of the moon

- ✓ Tick that you have satisfied each of the guidelines and criteria below.

Entry guidelines

- Your picture story book must **BE ONE OF THE ABOVE TOPICS**. Please print the topic on your Yellow Face Sheet.
- The creative writing and pictures must be done as an imaginative fictional story (detective, horror, drama, biography, etc.)
- You must incorporate factual scientific information into your pictures and words. Your story should convey science concepts through pictures supported by minimal text.
- A list of at least 5 key science ideas you used in developing the picture story book (with a brief explanation) must be included as an appendix. Picture Story Books without scientific content worked into the story and pictures do not rate highly.
- You must include a Bibliography at the end of your book listing all the books, magazines, websites that you have referred to or used. You must use a range of these resources. See page 23 for "How to list a Bibliography".
- Make sure you include a list of people who gave you help and advice and explain in what ways they helped.
- Typed or printed scripts are easier to read, but this is not essential if your handwriting is clear. The Judges will take notice of presentation, so it is important that your book is neat and looks attractive. Picture story books will be penalised for poor presentation.
- Pictures must be hand drawn or produced on a computer. Clip Art or downloaded illustrations won't rate highly and may infringe copyright requirements. Any art medium is allowed but the book must fit into an A4 manila folder less than 5 mm thick.

- Picture story books for Lower Primary (Foundation – Year 2) can be up to 200 words in length. Middle and Upper Primary (Year 3 – Year 6) entrants must be between 100 and 300 words in length. A **word count** must be included at the end of the book. The word count is applicable to the story only.
- Students are advised to keep an electronic copy of their work (scan a copy as back up).
- 2019 Reminder - **Bursary winners** are asked to present your report stapled into a paper manila folder, with completed yellow face sheet firmly attached to the outside front cover. Bring this to Exhibition Day for display in the Union Hall.

Judging criteria

Your picture story book will be judged according to the following criteria:

Scientific content including:

- identification of basic scientific ideas
- accuracy of scientific ideas
- appropriate amount of scientific content
- integration of science ideas into your pictures and story
- 5 key science ideas in appendix

Expression and Presentation including:

- grammar and spelling
- clarity of expression
- use of own words
- development of story line
- originality and creativity

Format including:

- interest of introduction
- variety of resources used
- creativity of format
- interest and entertainment of pictures and story
- quality of conclusion
- length within the maximum word count.
- bibliography and acknowledgement of assistance given by others.

Entries must be electronically submitted:

Project files should be given to your teacher at least a week before the due date.

Online submission portal closes: 21 July 2019

All guidelines should be followed to avoid being disadvantaged during judging.
