

# Exhibition and Presentation Day

All Bursary winners are expected to display their projects on Exhibition and Presentation Day in the Union Hall, La Trobe University, Bundoora on **Wednesday 4 November 2009**.

Winners in the Games, Models, Inventions and Computers sections must bring their entries and other necessary equipment to the Exhibition.

All other winning entries will be delivered to La Trobe University by the STS Committee. **Students who did Experimental Research may wish to present their work as a poster or hands-on display on Exhibition Day.**

The Presentation of bursary cheques and, where appropriate, medallions will take place on Presentation Day at a Presentation ceremony. All bursary winners are expected to be in attendance between 9am and 1.30pm to discuss their projects with visitors and to receive their awards.

## The proposed plan for the day is:

8.00 - 9.30am	Registration
9.30am	The Exhibition is opened to invited guests and the Press. It is important that prizewinners are present to discuss their work with interested people.
10.00am	The Exhibition will be officially opened, after which families and members of the public are encouraged to look through the Exhibition. Then comes the long awaited reward for your efforts this year - the presentation of bursaries and medallions. This is a fitting conclusion for your efforts.
11.15am - 12.15pm	Bursary Ceremony 1
12.30pm - 1.30pm	Bursary Ceremony 2

**Note:** The above plan may change. Bursary winners will be sent a detailed plan for this day when they are notified of their success early in Term 4.

## What happens next?

Having seen how you can benefit from STS, we hope that you will start to plan another entry for 2010. Perhaps you will have gained some new ideas from seeing the work of others and from talking to prize winners from other schools.

### COLLECTION OF ENTRIES

All metropolitan entries (winning & non-winning) **MUST** be collected on:  
**Wednesday 4 November 2009**  
**from the Union Building, La Trobe University between 12.00 noon and 1.00pm**  
Country entries should be collected at this time if possible.

Remaining metropolitan entries will be disposed of immediately after the exhibition if they are not collected. Remaining country entries will be returned on arrangement by mail.

## STS Presenters in 2008

*STAV and the STS Committee would like to thank each of the opening speakers and presenters for their contribution to the 2008 Presentation Day and acknowledge their commitment and involvement to Science Education.*

**Professor David Finlay**, Dean, Faculty of Science, Technology and Engineering, La Trobe University

**Dr Julie McMullen**, Baker IDI Heart & Diabetes Institute

**Dr Peter Kappen**, La Trobe University

**Dr Erinna Lee**, The Walter and Eliza Institute. 2007 Victoria Fellow

**Mr David Trotter**, CSIRO Education

**Dr Paul Stoddart**, Swinburne University of Technology

**Assoc. Prof. Arnan Mitchell**, RMIT University. 2003 Victoria Fellow
